

## *The Elbe*

Experience history, enjoy pristine nature, visit great European cities and historic sights – the country on the left and right banks of the Elbe offers magnificent landscapes and is full of art and cultural treasures. The greatest of these can probably be admired in Prague, Dresden and in the porcelain town of Meissen. In contrast, the region of Saxon Switzerland conveys images of nature of bizarre beauty, where huge rock spires and towers protrude from the forests. The parks surrounding the pleasure palaces and the hunting seats of Augustus the Strong invite you to take a stroll in Baroque atmosphere, and the scent of history still floats through many a town. A cruise on the Elbe, the old river that flows through the new German federal states, will present you with numerous fascinating impressions and encourage you to return.

*"A wonderful experience. I shall cherish fond memories of this cruise for a long time."*

## VIKING FONTANE IMPRESSIONS OF THE ELBE *Magdeburg - Prague - Magdeburg*

Many people who take a cruise on the Elbe can hardly decide what they find more impressive: the fascinating pictures painted by nature – such as, for example in the Elbauen (meadowlands of the Elbe) or in Saxon Switzerland – or the monuments left behind by humans over the ages: historic churches, magnificent palaces and pompous Baroque edifices, picturesque parts of town with Art Nouveau architecture and imaginatively designed parks. The Elbe conveys images en masse. Decide for yourself!
